Arts

Art, Dance, Drama and Music are components of our Arts Program. These areas enable children to develop knowledge and skills in a broad range of art forms, to explore the language of movement, to use the body as an instrument of expression and to explore their feelings through role plays.

Our students participate in the Yarram Eisteddfod, perform in our school concert and contribute to the construction of our annual float at the Tarra Festival. Children with a passion for singing may choose to be in our school choir, which performs publicly and at school events on a number of occasions.
