

School Communication Statement

At our school, and in compliance with the Victorian Registration and Qualification Authority (VRQA), we believe that it is imperative that all members of the school community have access to all school policies and procedures. A shared understanding and knowledge of the policies and procedures that regulate the school ensure effective partnerships between all members of the school community.

In order to ensure that all members of the school community have access to all relevant school documentation a hard copy of these documents is available through the school office and an electronic copy may be found on the school's website. In addition to these two main sources selected school documentation may be published on the school newsletter.
