Social committee

The social committee plays an integral role in our school community. Not only do they help to raise much needed funds for our school through various fundraising activities, such as our Easter raffle, hot lunches and mother and father’s day stalls they also have a community focus. Their work involves the pastoral care of the St Mary’s community through promoting the values of the school, welcoming and supporting new families and building networks where together they connect and support each other. The Group also organises social activities throughout the year such as the start of year BBQ for new and old parents to meet or catch up.
